

QUESTIONNAIRE RESULTS

ProteoCure Cost Action Network Opportunities for Funding and Collaboration

October 30, 2023 10:00 - 12:30 hours

124 Answers

The purpose of the questionnaire is to gather information about your background, interests, and specific topics you'd like to see addressed during the workshop.

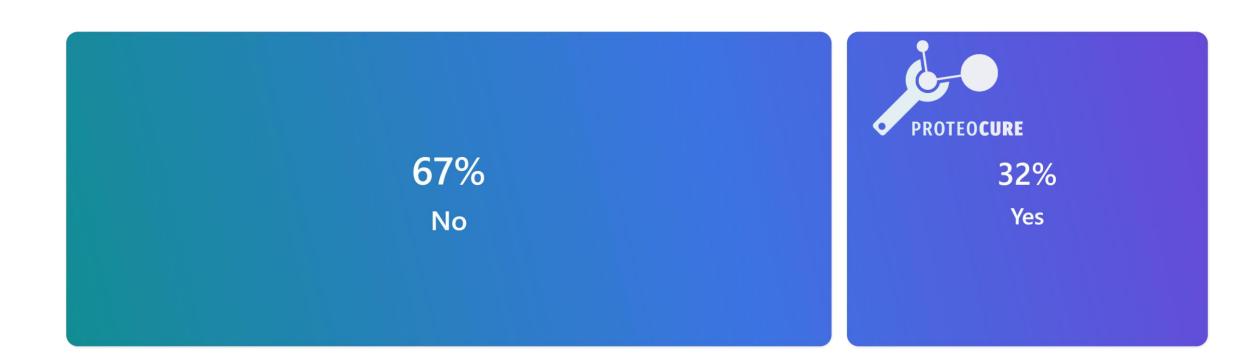

Have you collaborated with other members of ProteoCure on previous project proposal preparation and/or funded projects?

What is your main research field/main interest? Please select all that apply

If you replied 'Other' to the question above, please specify any additional main research field/main interest:

Structural Bioinformatics
Structural Biology Biology - Plant
cardio-oncology
Computational Biology protein Biology
Protease biology Cellular Molecular Biology
Cellular Signalling
Cellular Signalling

Protein quantification
Biology and Biochemistry
Biochemistry
Protein modifications
Chemical Biology
Structural Biochemistry
Synthetic Microbiology

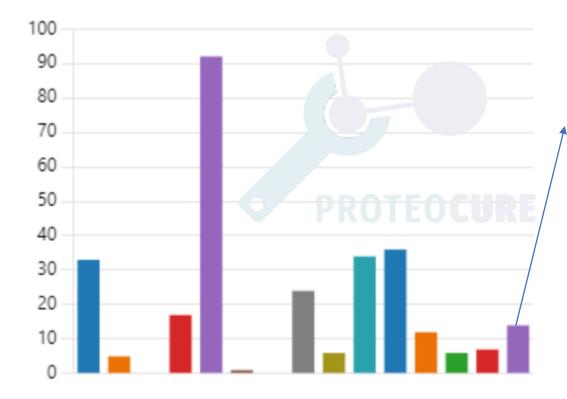

With which areas of research and innovation within the field of Health do you believe you could collaborate?

(please select the ones that align best with your expertise and interests for potential European projects)

- Public Health and Epidemiology... 5
- Healthcare Technology and Med... 0
- Bioinformatics and Genomic Me... 17
- Biomedical Research and Biotec... 92
- Healthcare Access and Equity: In... 1
- Healthcare Management and Po... 0
- Infectious Diseases and Vaccine ... 24
- Mental Health and Well-being: ... 6
- Aging and Gerontology: Focusin... 34
- Precision Medicine and Personal... 36
- Nutrition and Dietetics: Focusin... 12
- Education Innovation and Skill ... 6
- Global Health and Humanitarian... 7
- Other and/or comments (please... 14

If you replied 'Other' to the question above, please specify any additional areas of research and innovation that you believe are aligned with your research projects and/or research interests:

> diseases- Nanoparticle medicinal chemistry drug development

organic chemistry drug delivery chemical biology

glycoprocessing enzymes Cancer biology diseases biology

Cell biology research

inhibitor libraries development atherosclerosis and NAFLD

Macrophage interactions

target validation

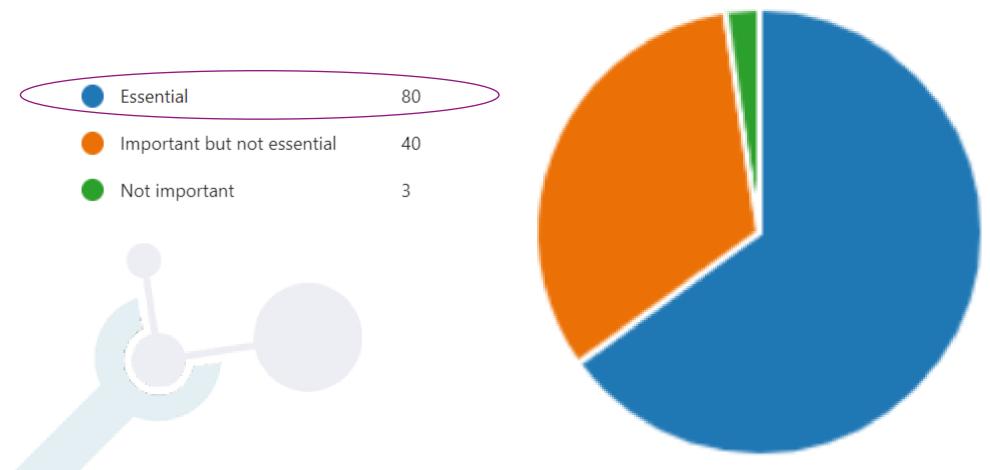

How do you see the role of European projects in your research/innovation activities in the future?

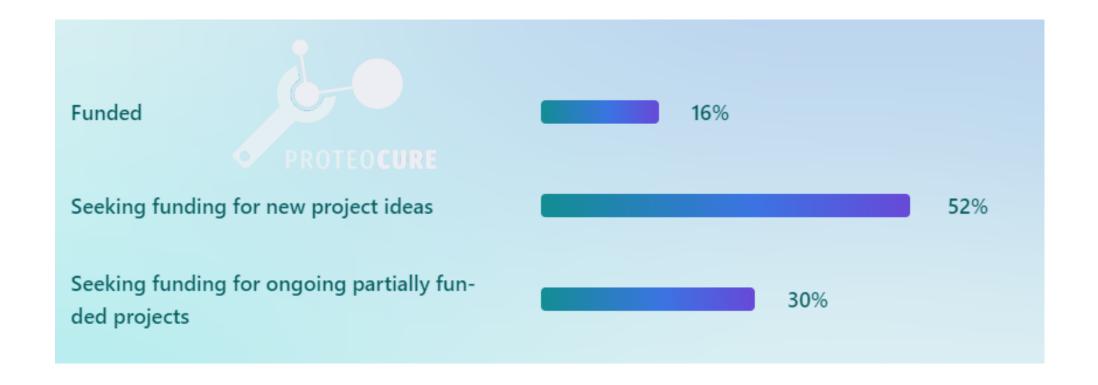

How do you consider your current funding status?

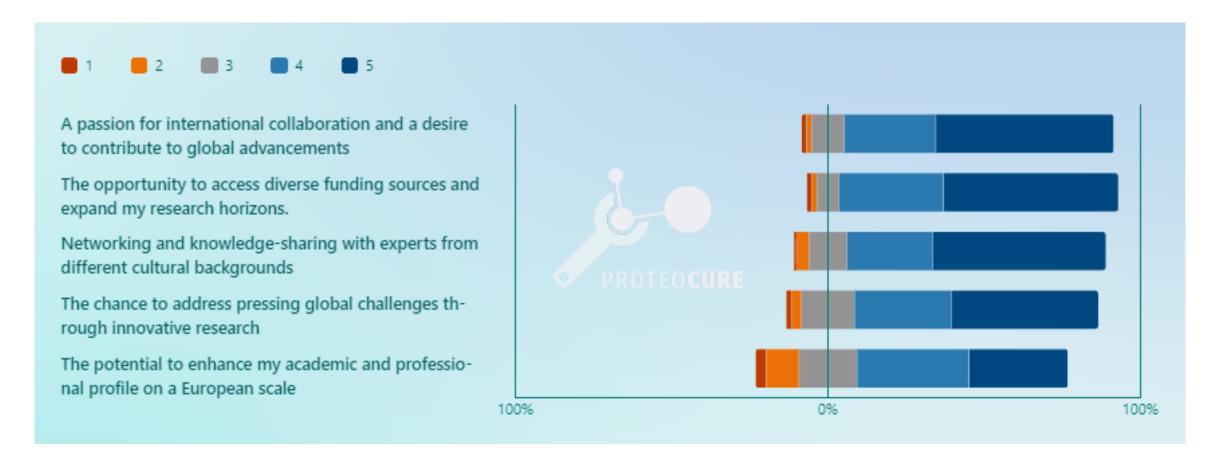

On a scale of 1-5, what motivates you to participate in European projects? (1 being least motivating, and 5 being most motivating)

What is your experience with European projects?

65% Limited experience

21% No experience 13% Extensive experience

PROTEOCURE

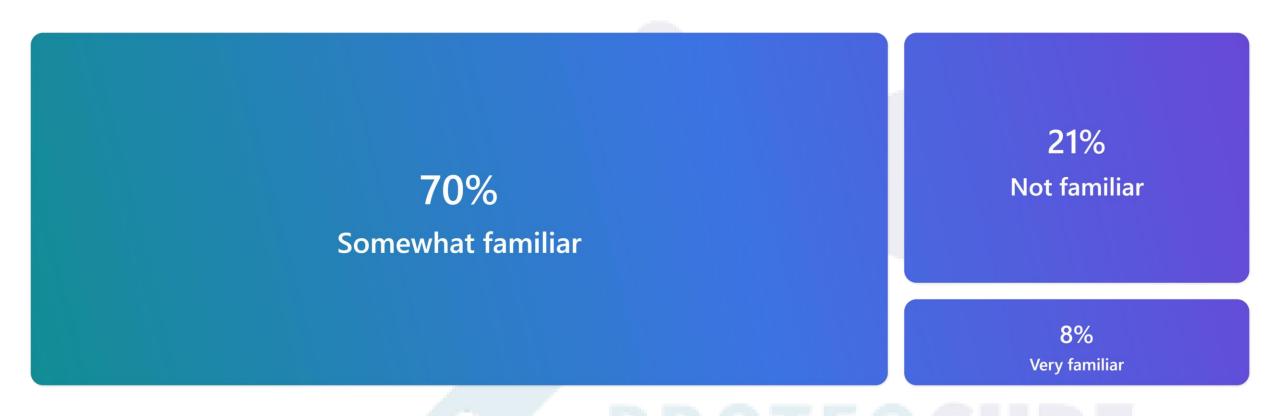

How familiar are you with the funding opportunities offered by the European Union for research and innovation projects?

Are you likely to apply for Horizon Europe funding in the future?

Are you planning to apply for an already identified European Call?

If you have replied Yes to the previous question, please specify the Call:

Advanced Grant

Horizon

DN-01

Research and Innovation

MSCA-DN

Synergy Grant Grant Agreement

HORIZON-MSCA-2023

Doctoral Networks ERC and MSCA

HealthDoctoral Network

ERC Advanced ERC Synergy

MSCA Doctoral ERC

Research ERC-2025-CoG StG pathfinder

Do you think Horizon Europe funding opportunities are adequate for your research needs?

38%
I am not sure / I do not know

7%
I am
not
sure / I
do not
know

PROTEOCURE

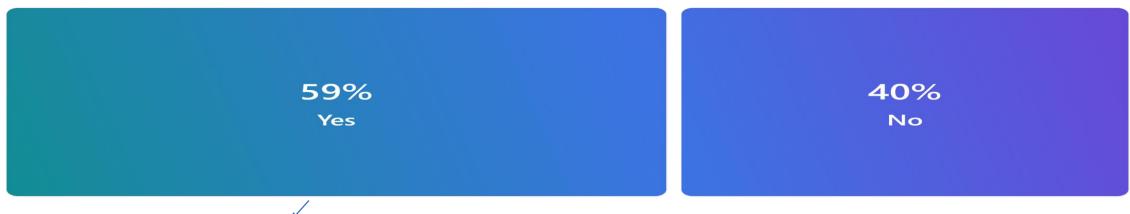

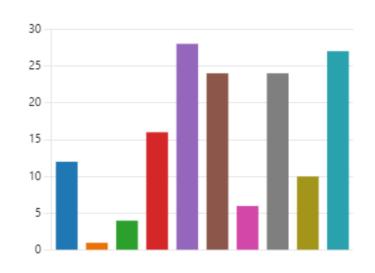

Have you previously participated in any European projects? (Additional to the ProteoCure COST Action)

If you answered Yes to the above question, please specify the type of project(s) you participated:

If you answered 'Other' to the above question, please specify the type of project(s):

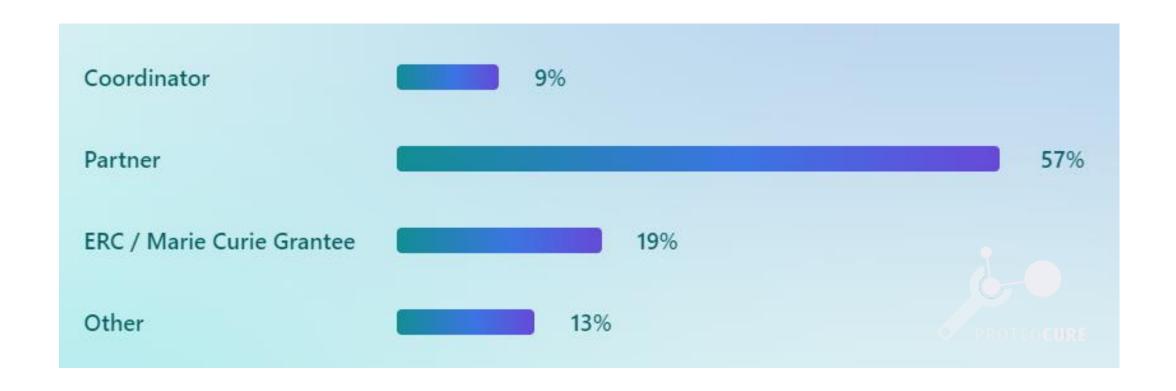

If you have previously participated in any European projects, what was your role in the project(s)? (Please do not consider ProteoCure)

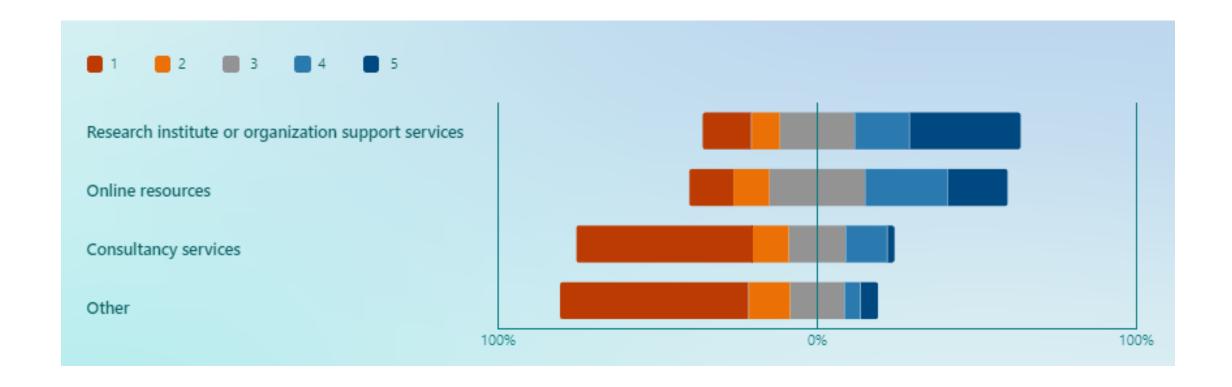

What support and resources do you use in preparing your Horizon Europe funding application? (On a scale of 1-5 with 1 being not used or not available resources and 5 being most used).

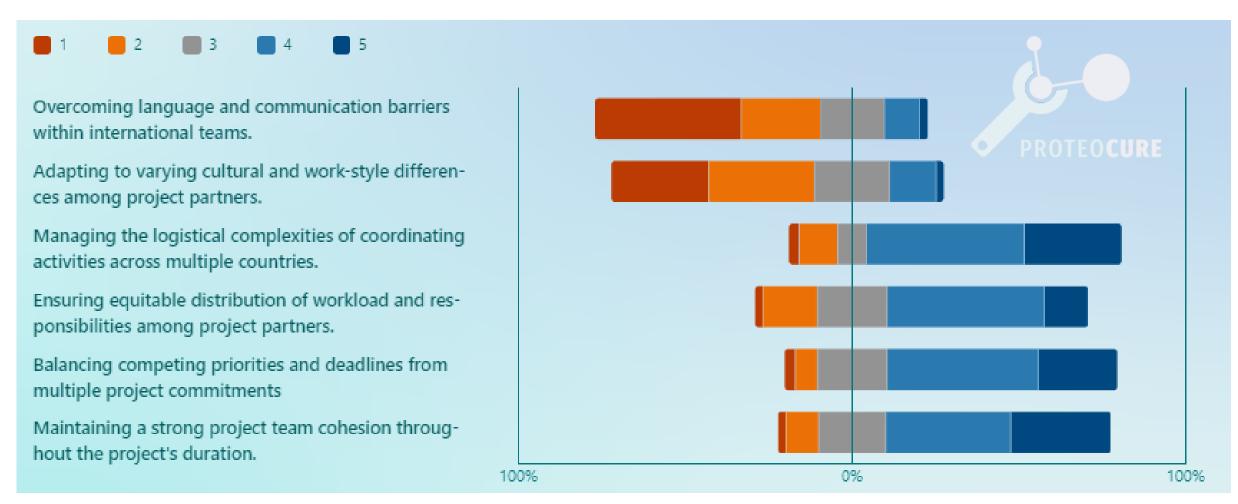

In your opinion, what are the main challenges of participating in European projects? (On a scale of 1-5 with 1 being the lowest rating and 5 being the highest)

Have you received any training or support on how to participate in European projects?

52%

No, I have not received any training or support.

39%

I have received some training and support, although I am interested in further training and support.

7%

Yes, I have received extensive training and support

PROTEOCURE

How do you stay informed about opportunities for European project participation?

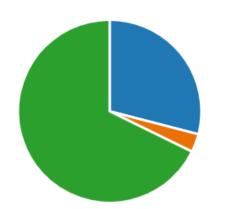

Destination 3: Tackling diseases and reducing disease burden - Horizon Europe

Call 2024: Partnerships in Health

- Overall indicative budget: 100M€ Indicative number of projects expected to be funded: 1
- Opening: 25 Apr 2024 Deadline(s): 25 Sept 2024

Topics:

HÖRIZON-HLTH-2024-DISEASE-09-01: European Partnership: One Health Anti-Microbial Resistance (COFUND)

- My research may fit this topic and I would be interested in participating in a proposal for this call (36)
- I would be interested in coordinating/leading a proposal for this call (4)
- My research does not fit this topic (84)

68% My research does not fit this topic 28%

My research may fit this topic and I would be interested in participating in a proposal for this call

Destination 3: Tackling diseases and reducing disease burden - Horizon Europe

Call 2024: Tackling diseases (Single Stage)

- Overall indicative budget: 52M€
 Indicative number of projects expected to be funded: 6
- Opening: 26 Oct 2023 Deadline(s): 11 Apr 2024

Topics:

- HORIZON-HLTH-2024-DISEASE-08-12: Pandemic preparedness and response: Maintaining the European partnership for pandemic preparedness (CSA)
- HORIZON-HLTH-2024-DISEASE-08-20: Pandemic preparedness and response: Host-pathogen interactions of infectious diseases with epidemic potential (RIA)

- My research may fit this topic and I would be interested in participating in a proposal for this call (35)
- I would be interested in coordinating/leading a proposal for this call (5)
- My research does not fit this topic (84)

68% My research does not fit this topic

27%

My research may fit this topic and I would be interested in participating in a proposal for this call

ProteoCure Cost Action Network Opportunities for Funding and Collaboration October 30, 2023 10:00 – 12:30 hours

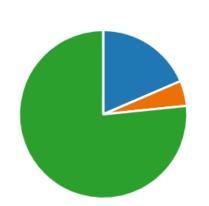

Destination 5: Unlocking the full potential of new tools, technologies and digital solutions for a healthy society Call 2024: Tools and technologies for a healthy society (Single stage)

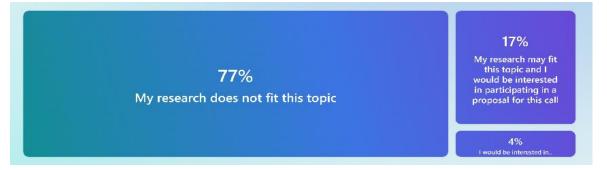

- Overall indicative budget: 25 M€ Indicative number of projects expected to be funded: 4
- Opening: 26 Oct 2023 Deadline(s): 11 Apr 2024

Topics:

• HORIZON-HLTH-2024-TOOL-11-02: Bio-printing of living cells for regenerative medicine (RIA)

- My research may fit this topic and I would be interested in participating in a proposal for this call (23)
- I would be interested in coordinating/leading a proposal for this call (6)
- My research does not fit this topic (95)

ProteoCure Cost Action Network Opportunities for Funding and Collaboration October 30, 2023 10:00 – 12:30 hours

Destination 6. Maintaining an innovative, sustainable and globally competitive health industry

Call 2024: A competitive health-related industry (Single stage)

- Overall indicative budget: 12 M€
 Indicative number of projects expected to be funded: 2
- Opening: 26 Oct 2023 Deadline(s): 11 Apr 2024Topics:
- HORIZON-HLTH-2024-IND-06-08: Developing EU methodological frameworks for clinical/performance evaluation and post-market clinical/performance follow-up of medical devices and in vitro diagnostic medical devices (IVDs) (RIA)
- HORIZON-HLTH-2024-IND-06-09: Gaining experience and confidence in New Approach Methodologies (NAM) for regulatory safety and efficacy testing coordinated training & experience exchange for regulators (CSA)

- ERC Starting (2-7 years of experience since completion of PhD, a scientific track record showing great promise and an excellent research proposal)
- ERC Consolidator (7-12 years of experience since completion of PhD, a scientific track record showing great promise and an excellent research proposal)
- ERC Advanced (researchers who have a track-record of significant research achievements in the last 10 years. The applicants (Principal Investigators or Pl's) should be exceptional leaders in terms of originality and significance of their research contributions)

 ERC Synergy (For groups of two to maximum four PIs working together and bringing different skills and resources to tackle ambitious research problems. PIs
- must present an early achievement track-record or a ten-year track-record, whichever is most appropriate.)
- · ERC Proof of Concept (Only PI's in one of the ERC frontier research main grants (Starting, Consolidator, Advanced or Synergy) are eligible to participate and apply for an ERC Proof of Concept Grant).

- I am planning to apply next call (16)
- I may be applying in the future (58)
- I am not planning to apply (50)
- I am an ERC Grantee (1)

MSCA Staff Exchanges 2024

MSCA Staff Exchanges provide funding for international, inter-sectoral and interdisciplinary staff mobility and collaborative projects.

- Call opens: 10 October 2024 Deadline: 5 March 2025
- Budget: 81,23 M€

58%
I would be interested in participating,
but in future calls

33%
I am not planning to
apply or I am not
interested

MSCA COFUND 2024

The aim of the COFUND action is to spread the best practices of the MSCA, including international, inter-sectoral and interdisciplinary research training, as well as international and cross-sectoral mobility of researchers at all stages of their career.

- Call opens: 8 October 2024 Deadline: 6 February 2025
- Budget: 99,28 M€

47%
I would be interested in participating, but in future calls

43%
I am not planning to apply or
I am not interested

8% ..

MSCA Doctoral Networks 2024

MSCA Doctoral Networks will implement doctoral programmes, by partnerships of universities, research institutions and infrastructures, businesses, and other socio-economic actors. They are open to applicants from Europe and beyond.

- Call opens: 29 May 2024 Deadline: 27 November 2024
- Budget: 451,15 M€

42%
I would be interested in participating, but in future calls

30%
I am not planning to apply or I am not interested

26%
I am planning to apply (this call)

MSCA Postdoctoral Fellowships 2024

MSCA Postdoctoral Fellowships are open to excellent researchers of any nationality. They enhance the creative and innovative potential of researchers holding a PhD and who wish to acquire new skills and experience.

- Call opens: 10 April 2024 Deadline: 11 September 2024
- Budget: 270.75 M€

42%
I am not planning to apply or I am not interested

40%
I would be interested in participating, but in future calls

17%
I am planning to apply (this call)

MSCA International Cooperation 2024

Fosters international cooperation in MSCA in Horizon Europe, through a dedicated support action to complement and ensure coordination between existing promotion channels at local level, and ensure consistency with formal R&I policy dialogues at bilateral and regional levels.

- Call opens: 14 May 2024 Deadline: 4 September 2024
- Budget: 2 M€

- I am planning to apply (this call) (9)
- I would be interested in participating, but in future calls (41)
- I am not planning to apply or I am not interested (74)

60%
I am not planning to apply or I am not interested

32%
I would be interested in participating, but in future calls

7%

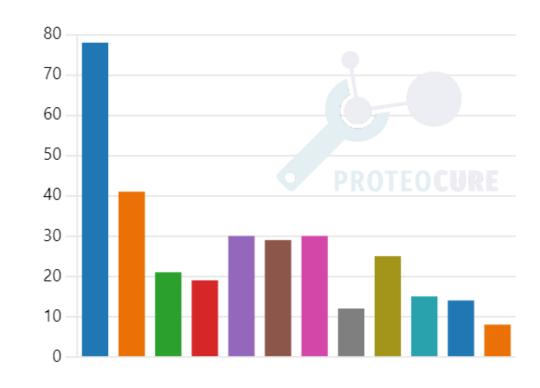

FIT in Key topics identified in the thematic area of Health for 2025-2027.

Please, from the following identified topics choose in which one/ones would you be interested in participating/leading a proposal for 2024-2025.

- Cancer (prevention, cure, treatment, personalised medicine, vaccine development, targeted therapies, aggressive cancers) 78 (24%)
- Rare diseases (diagnostics, cure) 41 (12%)
- Dementia (prevention, treatment) 21 (6%)
- Cardiovascular diseases (prevention, cure) 19 (5%)
- Autoimmunity and degenerative diseases (prevention, treatment) 30 (9%)
- Infectious diseases (prevention, cure, viral control) 29 (9%)
- Chronic diseases (new remedies) 30 (9%)
- Development of new diagnostics, vaccines, and therapeutics against neglected diseases 12 (3%)
- Alzheimer's disease (cure) 25 (7%)
- Antimicrobial resistance 15 (4%)
- Multidisciplinary approach to health research, including AI-assisted medical diagnosis 14 (4%)
- My research does not fit any topic 8 (2%)

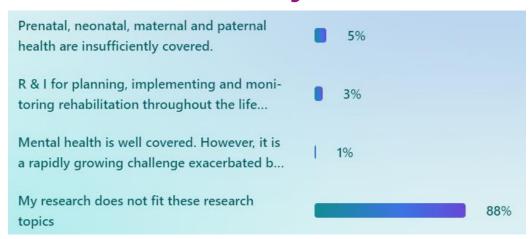

Gap Analysis Cluster 1 Health for 2025-2027.

Please, from the following intervention areas choose in which one/ones would you be interested in participating/leading a proposal.

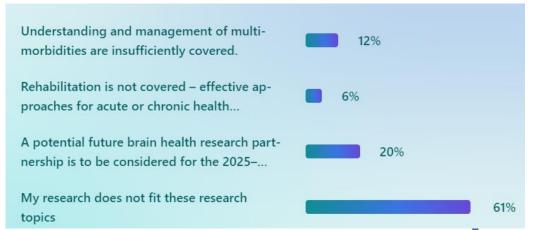

Intervention area: Health throughout the life course

Intervention area: Environmental and social health determinants

Intervention area: Non-communicable and rare diseases

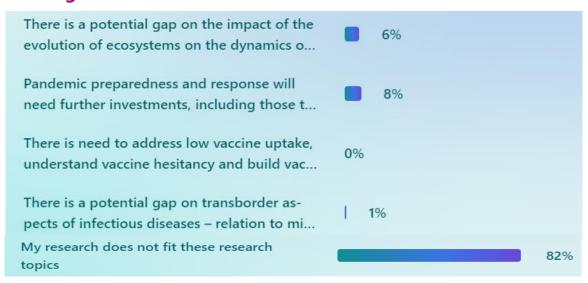

Gap Analysis Cluster 1 Health for 2025-2027.

Please, from the following intervention areas choose in which one/ones would you be interested in participating/leading a proposal.

Intervention area: Infectious diseases, including poverty-related and neglected diseases

Intervention area: Tools, technologies and digital solutions for health and care, including personalised medicine.

Intervention area: Health care systems

Are you open to collaborating with ProteoCure Members in the preparation of funding proposals?

MANY THANKS!
